

Goodbye the Ferrari

Do you never have a female feel
No Never
Do you never have a female feel
Do you never have a female feel
There's nothing wrong with me I'm normal

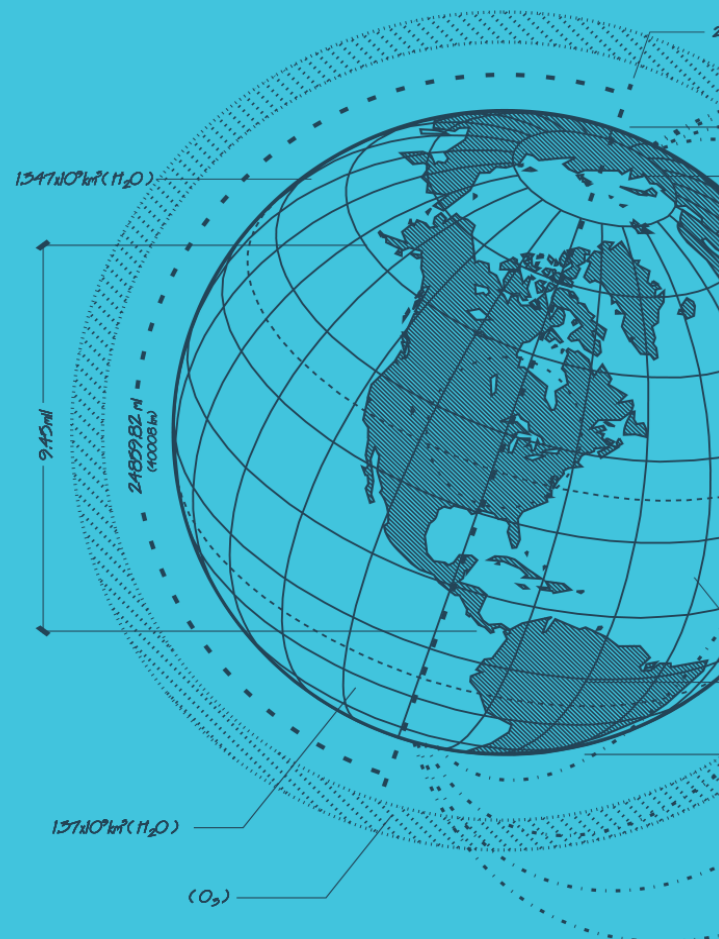

Goodbye the Bugatti
Goodbye the Ferrari

Goodbye the Ferrari
Is it asking too much
to let me take you on a little ride
Goodbye the Ferrari
You know you want to get in touch
with what's really going on inside

I like a bit of a cavort
He's an ignorant boy
And I'm alive and well
You push the buttons on that
I like a bit of a cavort
He's an ignorant boy
An out of date boy
I'm determined to fit in

Goodbye the Bugatti
Goodbye the Ferrari

Goodbye the Ferrari
Is it asking too much
to let me take you on a little ride
Goodbye the Ferrari
You know you want to get in touch
with what's really going on inside

Gould, Brown & Black Terraforming

I'm not talking bout some old mentality
It's quintessential new reality
One hundred monkeys learning how to be
With a universal sensibility
God only knows I want to set you free today

Do you never have a female feel
No Never
I feel like a man all the time
Do you never have a female feel
There's nothing wrong with me I'm normal

Goodbye the Bugatti
Goodbye the Ferrari
