

**Innocent Abroad**

(P Gould / R Brown)

I'm dammed if I do what they want me to

And damned if I d-don't

I don't wane be a let down

to the others

When I'm in Rome do what the Romans' do

but they don't know what I've been through

to make it on my own

I'm like an innocent abroad

I suddenly feel so lonely

I'm in a whole lot of trouble

Like an innocent abroad

and nobody wants to show me

how to burst my bubble

now (ooh-wah-hooooo)

Find the way they all react to me

stranger by the day

so I try to keep my head down

in the shadows

I seek asylum in the world gone blind

can't afford to waste my time

on the games I used to play

like a stranger in a foreign land

all I need is some help to find my way

(chorus)

Oh baby, I'm on a roll  
Oh baby, I'm in control  
but just maybe I lost my soul  
when I did wear the clothes I stole  
Oh baby, I'm all alone  
I'm too far from all I've known  
and I can't seem to get you off my mind

(chorus x 2)

Oh baby, I'm on a roll  
Oh baby, I'm in control  
but just maybe I lost my soul  
when I did wear the clothes I stole  
Oh baby, pick up the phone  
Oh baby, I'm all alone  
I'm too far from all I've known  
and I can't seem to get you off my mind
